Address Confidentiality Program
Tennessee Secretary of State

Tennessee's Safe at Home Address Confidentiality Program can help to maintain the security of your home, work, or school address.

The ACP will:

- Provide you with a legal substitute address and securely forward your first-class mail to you.
- Help you access state and local agency services, like applying for a new driver's license, new car titles and tags, enrolling yourself or your children in school, or applying for SNAP or TennCare benefits, without revealing your physical address.
- Register you to vote without your voter registration being available to the public.
- Act as your legal agent for service of process, meaning that all court related documents are served to us and we will then securely forward the information to you.

How to enroll:

- Meet in person with a Certified Application Assistant to help you complete the application process.

You can call the Safe at Home Program to find a Certified Application Assistant in your area.
